Membership/location

The Dakota Southeastern Division consists of members of the NMRA in the southeastern part of South Dakota. While attendees of our meetings are primarily from the Sioux Falls area, all NMRA members in southeastern South Dakota and beyond and some counties in extreme southwestern Minnesota are members of the Division and are welcome to come to any or all of the meetings (you may come if you are an NMRA member and do not sort under our Division, but would not be allowed to vote in division matters). There are no dues to belong to the Division, however, due to NMRA regulations all members of the Division must be NMRA members in good standing.

The DSED generally has a meeting every month, usually the first or second Saturday of the month, plus occasionally other special events. Meetings are held in members residences, the Ronning Library in Sioux Falls, and occasionally in other locations as determined by the activities scheduled.
